

Job Posting:

Community Liaison/Educator

Program: Partners for Success

Start date: TBA

Funder: SAMHSA

Status: Full Time

Target Area: Southeast Harris County

Job Summary: the Community Liaison (Educator) is responsible for outreach and for focusing community collaborations on reducing underage drinking prescription drug misuse for coordination of media campaigns and purchases for the coalition. Duties include acquiring bids for paid media and executing contracts for media purchases, as well as assisting with coordination of data collection and dissemination.

Qualifications: Fluent in Spanish and English a plus. Strong preference for a candidate certified in substance abuse prevention (APS/CPS), or community health education (CHES), or community health work (CHW). Must have strong communication skills and be well organized with the ability to multitask.

Education and/or Experience: Must be willing to obtain APS status with the intention of achieving CPS. This position requires knowledge of the Strategic Prevention Framework model and experience with Logic Models, Needs Assessments, and Program Evaluation.

Work Environment: This position operates within the boundaries of SE Harris County. Office and Community setting depending on activity and local travel required. Some evenings and weekends will be required leading to flexing time schedules.
